

6.3.17

Dear Parents/Carers

Firstly, thank you so much to all of you who were able to help with our visit to Bodmin's Job Centre. Our pictures have been put on display in the window, so do have a look! We have another busy week coming up! In **English**, we are going to be exploring different sentence types and endeavouring to use them in a piece of writing written from the point of view of the farmer.

In **Maths**, we will be continuing to explore Geometry. This week, we will be investigating quarter turns, using the language; **clockwise, anticlockwise, quarter turn, half turn, three quarter turn**. Please can you help your child in remembering this, possibly by giving them instructions as they walk to school?! . We will also continue to practise remembering number facts of all numbers to 20. Ie $8 = 1 + 7, 2 + 6, 3 + 5, 4 + 4$ etc. Please encourage your child to practise this too. Thank you.

In **Science**, this week, we will be learning about the importance of personal hygiene. We will do this by setting up an investigation to illustrate what happens if we don't wash our hands well. We will also learn about the importance of a balanced diet.

Dates for your diaries:

Monday 6th March - St Piran's Day

On Monday, the Year 2s will be participating in St Piran's Day. Thank you again for all the volunteers of helping walking with the children on this day. We will be leaving school at 10.40am and returning by 1.50pm hopefully. Thank you!

PTA Disco - Friday 10th March

The PTA have kindly organised a disco for our children! The Year 2 disco is from 4.15 – 5pm. We would like you to drop your child in the school hall. They can wear party clothes! Teachers will also be present. Rather than go home, refreshments will be served in the 'multi-purpose room' for a small donation.

In case you have younger siblings; FS2 disco: 2.15 – 3.00, Y1: 3.15 – 4pm.

Comic Relief – we will be celebrating Comic Relief on Friday 24th March. More details to follow!

Show and Learn

This week's theme is 'How I keep healthy'. Amongst other things, children could bring in something linked to a sport they may do out of school or talk about their favourite 'healthy' food/meal!

As always, please continue to read to your child and listen to them read every night. This can include the Pearson Ebooks! It really does have a significant impact on their whole education.

Also, if you should have any worries or concerns, please have a chat with myself or Mrs Rowe!
Kind regards, Mrs Davies, Mrs Rowe and Mrs Wilde.
